From Our Volunteers:

Hello Everyone! My name is Sarah Phillips and I am one of the volunteers at the Care Pregnancy Center. I first heard of the Care Pregnancy Center through the church that I attend, IBC, and within the several weeks following, finally realized that the Lord was talking to me! With four children, 15, 12 and twin 4 year olds and an obviously busy schedule, I didn't know if I would find time to add in volunteer hours, so I prayed! With support from my husband, John, and other family and friends, I realized that a few hours a month could be spared and that the Lord would be able to use it and multiply it, even when I couldn't!

I started in February 2009 and spent most of the year training to be one of the counselors. I am employed at Winchester Medical Center and work in Labor and Delivery as a registered nurse. I love my job and my experiences there have helped me in talking with clients and explain fetal development at various gestational ages. In addition, I am privileged to experience the joys of birth and helping to bring the Lord's children into this world! In return, my work at the CPC has taught me more about the different situations surrounding my patients in labor and the months leading up to it. I have learned and share with my families the comfort in knowing that their pregnancy was planned (even if they did not) and that no one has a more vested interest in the welfare of their child than God himself!

James chapter 1 reminds us to not be just listeners of the word, but to be doers of the word. I am so grateful for the work that is done through the Care Pregnancy Center and all of the people that put so much effort, time, and resources into its success. It is an honor to work alongside others who care so deeply about women, children of all ages and families. As a mother, I am in a position to teach my children about being doers of the word too and I've truly enjoyed watching them get involved in some of the CPC's fundraisers and learn how to serve others for Christ! It's amazing to see how many lives this ministry has positively impacted, including my own.

I appreciate this opportunity that I've been given and look forward to watching the Lord's hand in stirring up more hearts and more lives for the purpose of his will here in the Eastern Panhandle of West Virginia!
