The Director's Corner –

I remember as a child going to summer camp and really enjoying hiking, exploring, sleeping outside, and smores, of course. One of my fondest memories was running across a pond that God had blessed with an over-abundance of tadpoles that just HAD TO COME home with me. Needless to say my mom would not allow them in the house. But although the tadpoles thrived in the pond they only achieved short stubs as arms and legs before they expired being in my unsupportive environment. I find my spiritual walk to be the same. When I wonder too far from my Father's environment my growth slows down. Through prayer, the word, and fellowshiping with other believers I regain strength. What keeps you strong and growing?

From Our Volunteers:

Hello, my name is Lois Seidel; I have been a volunteer with Care Pregnancy Center since December 2009. I moved to West Virginia in August 2009 from Missouri where I lived most of my life. I have four grown children, five grandchildren and a great granddaughter who is almost a year old. My oldest daughter graduated from law school in May 2009 and passed the Maryland bar in February 2010. One of my proudest moments was watching her be sworn in before the Maryland Supreme Court in June of this year.

Before abortion became legal my family served as a foster family for newborn infants awaiting adoption. We were blessed in giving 48 babies a good start in life.

I feel privileged to be a volunteer for the Care Pregnancy Center where we advocate life for all babies. I enjoy working in Hannah's Closet helping with mailings and the recent baby bottle drive to raise money for the Center.
