

Care Pregnancy Center of the Eastern Panhandle: December 2009

Client Activity-

Our client activity is as follows -47 client visits with 3 positive tests and 1 negative test, 2 for referrals, and 41 visits were for material assistance. Within those 41 visits for material assistance we've served 89 men, women and children.

Hannah's Closet Needs-

We are very low on all our consumables like baby lotion-shampoo-wash-powder, and are in need of eating utensils, infant bath towels, pacifiers, size 3 & 4 diapers, and wipes.

We have a specific furniture need for a playpen.

I hope that you all have a blessed Thanksgiving holiday and that everyone in your home stays healthy.
